

Hopeful new perspectives and possibilities.

# Creating a bold new future.

Join us to explore a new **global vision** built on Sustainability, Spiritual Fulfillment and Social Justice.

Featuring video insights from inspiring **philosophers, scientists, community leaders** and more.

Attend the *Awakening the Dreamer, Changing the Dream Symposium*. And come together with conscious, aware people who care about what's happening in the world, our community and with our families. We'll look at our biggest challenges *and* opportunities today:

- **The state of our industrial world** and the thinking that got us where we are today
- **A new dream—new ideas about what really matters**— leading to deep connection and surprising solutions
- **How you can be part of what's emerging**—because you already are!

**When is it?**
